# Melodia

**NECTA**

Slim in style, wide in choice. With slender dimensions, Necta's **Melodia** models can still provide a broad range of products. Particularly suited to locations where space is limited, these flexible and reliable vending technologies are elegantly designed and because of this will easily look good in any environment. With the addition of the new ETL system (Electronic Tray Labels) there are even more benefits in functionality, in communication and in the ease and speed with which customers - and operators - can interact with the machine.

## USER INTERFACE

- Large Graphical Display
- Capacitive LED back lit keyboard
- Cabinet illuminated by LED lighting
- Newly designed dispense compartment easy to brand
- Now with individual spring type bottle bridge allowing a variety of bottle heights on one tray

## TEMPERATURE MANAGEMENT

- Uniform temperature: 5-20°C
- A highly efficient, reliable and low-consumption cooler unit
- Front to front air circulation means the machine can be located flat against the wall

## ELECTRONICS

- Compatible with MDB and Executive protocol
- Transmission and collection of statistics according to EVA DTS system

## MAINTENANCE

- Rolling price display for simplified price change operations
- Easy to open door as there is a grip built into the control panel
